

# Introducing the ZD420 Thermal Transfer Printer

WITH A UNIQUE AND INTELLIGENT TIME-SAVING RIBBON  
CARTRIDGE FOR FOOLPROOF LOADING AND MORE...

## THE ZD420...

WHEN EASE OF USE, FLEXIBILITY AND  
MANAGEMENT SIMPLICITY MATTER.

- **One-of-a-kind ribbon cartridge:** The only printer in its class to offer a ribbon cartridge for fast and easy loading with the smarts to let you know when the ribbon is running low.
- **Best-in-class print quality:** The 300 dpi option is ideal for small labels such as jewelry in retail, specimen collection containers in healthcare and more.
- **Updated user interface:** Makes it easier to use and troubleshoot.
- **More media flexibility:** Standard movable media sensor accommodates off-center black marks, die-cut notches and more.
- **Disinfectant-ready plastics:** Helps protect against the spread of germs in clinics, labs, nurse stations and more.
- **Easy to deploy:** With more connectivity options — just about every modern connectivity option you can imagine for easy installation, including 802.11ac Wi-Fi and Bluetooth 4.1.
- **Plug-and-play replacement:** Add to your installed base of 4-inch thermal transfer G-series printers or swap with your legacy and competitive printers.
- **Easy to manage:** Integrate, manage and maintain your printers from any location with Link-OS, only from Zebra.
